

Your Partner
for Raw Meat
& Pet Food Proteins

Serving the
Manufacturing
IndustryRaw Meat
since 2012

DL Foods LTD was established in 2012 in Preston, Lancashire. Our business is centred around our clients and what they need for their businesses to grow, without our clients we have no opportunity for growth ourselves.

We specialise in frozen raw meat and supply majority of our goods in the UK. With a well established supplier base in the UK and Europe we can be a great asset to your business in procuring your required items.

BEEF & VEAL

LAMB &
MUTTON

POULTRY

GAME &
EXOTIC

WHO DO WE SUPPLY?

- MANUFACTURERS: Burger, Kebab, Sausage production to name a few key sectors
- PET FOOD MANUFACTURERS: Primarily makers of raw dog food according to the BARF diet
- WHOLESALE CATERING : Primarily we serve them Lamb and Mutton items.

WHY BUY FROM US?

It's what we do... we spend most of our time developing new supply chains and new products, when we know our clients have the more important job of getting the end product perfect for their customers.

But won't I pay more than buying direct? The answer really isn't so clean cut, of course there is an element of this but again it's down to scale if you can imagine we may purchase 30t per week from some suppliers of a variety of goods which allows us to buy at better rates due to our relationship.

We have more time to spend with our clients than most of our suppliers, this again is really down to manpower. Our sales team will handle no more than 20 clients at a given point to allow time to build quality relationships that we hope last a lifetime.

We hold specifications and approvals for all our suppliers and products purchased.

QUALITY

DL Foods LTD uses strict approval procedures to allow us to trade new products, this is why the majority of our suppliers will be BRC, IFS or similar standard of meat production. We take traceability seriously and will be able to provide traces on products on request.

LOGISTICS

Our business uses approved chilled and frozen distribution from some of the largest networks in the UK, we can deliver 5 days a week with 2 day notice subject to stock availability. We have regular collections in Hungary, Spain, France and Italy and throughout Europe.

PRODUCTS

At DL Foods LTD, we supply quality cuts of beef and veal, lamb and mutton, poultry, game, and exotic. Below is a guide of what we can offer in its widest sense, our products are in majority sold frozen and by the pallet as a minimum per item. Our suppliers are tried and tested over the years and we will be fully transparent through the whole sales process.

MANUFACTURING MEAT & OFFAL

We can offer all manufacturing cuts and offals from UK and EU approved sites. Our core business is frozen raw meat items including Trimmings, Pad membrane Trim, Boneless meat for dicing, Offal and Baader meat products.

We have strong ties to some of the largest abattoirs in the UK and EU.

FOOD SERVICE & WHOLESALE

Our clients vary from Catering butchers, wholesalers and other distributors. We can source Beef, Lamb, Veal, Poultry and Game meat. In majority our products will be on a frozen basis.

PET FOOD PROTEINS

We supply and source for some of the UKs biggest Pet food manufacturers a wide variety of raw meat. We are approved for the movement of Cat 3 goods and products intended for pet food use.

Our range includes premium boneless meats for human consumption, Offal and Bones, Minced and other prepared raw material.

Our registration No : U1294258/ABP/OTHER

CLEARANCE PRODUCTS

Our business is very diverse and should you have any products which are no longer suitable for human consumption either due to shelf life, labelling issues or damaged goods we can help place these on most occasions subject to inspection.
